DESIGNED AND PRODUCED IN THE NETHERLANDS

OUR STORY

A typically Dutch brand

Hardicraft designs and produces complete do-it-yourself kits, with a strong focus on crochet and knitting. We're committed to offering high-quality products of Dutch origin: every kit is designed, assembled, and produced right here in the Netherlands. Together with a select group of top Dutch designers, we regularly launch fresh and surprising new kits and products.

Our roots run deep in the Twente textile industry. By combining years of knowledge and experience with innovation and creativity, we're able to bring inspiring, high-quality products to the market.

SOCIALLY RESPONSIBLE BUSSINESS

In addition to quality and creativity, corporate social responsibility is an important spearhead for Hardicraft. We try to reflect this in all facets of our company, from product development to working with organizations to promote labor participation.

Hardicraft provides workplaces for people with a distance to the labor market. With guidance from our in-house job coach, they can take their first steps toward meaningful employment within our company.

A PERFECT LOCATION

to be inspired

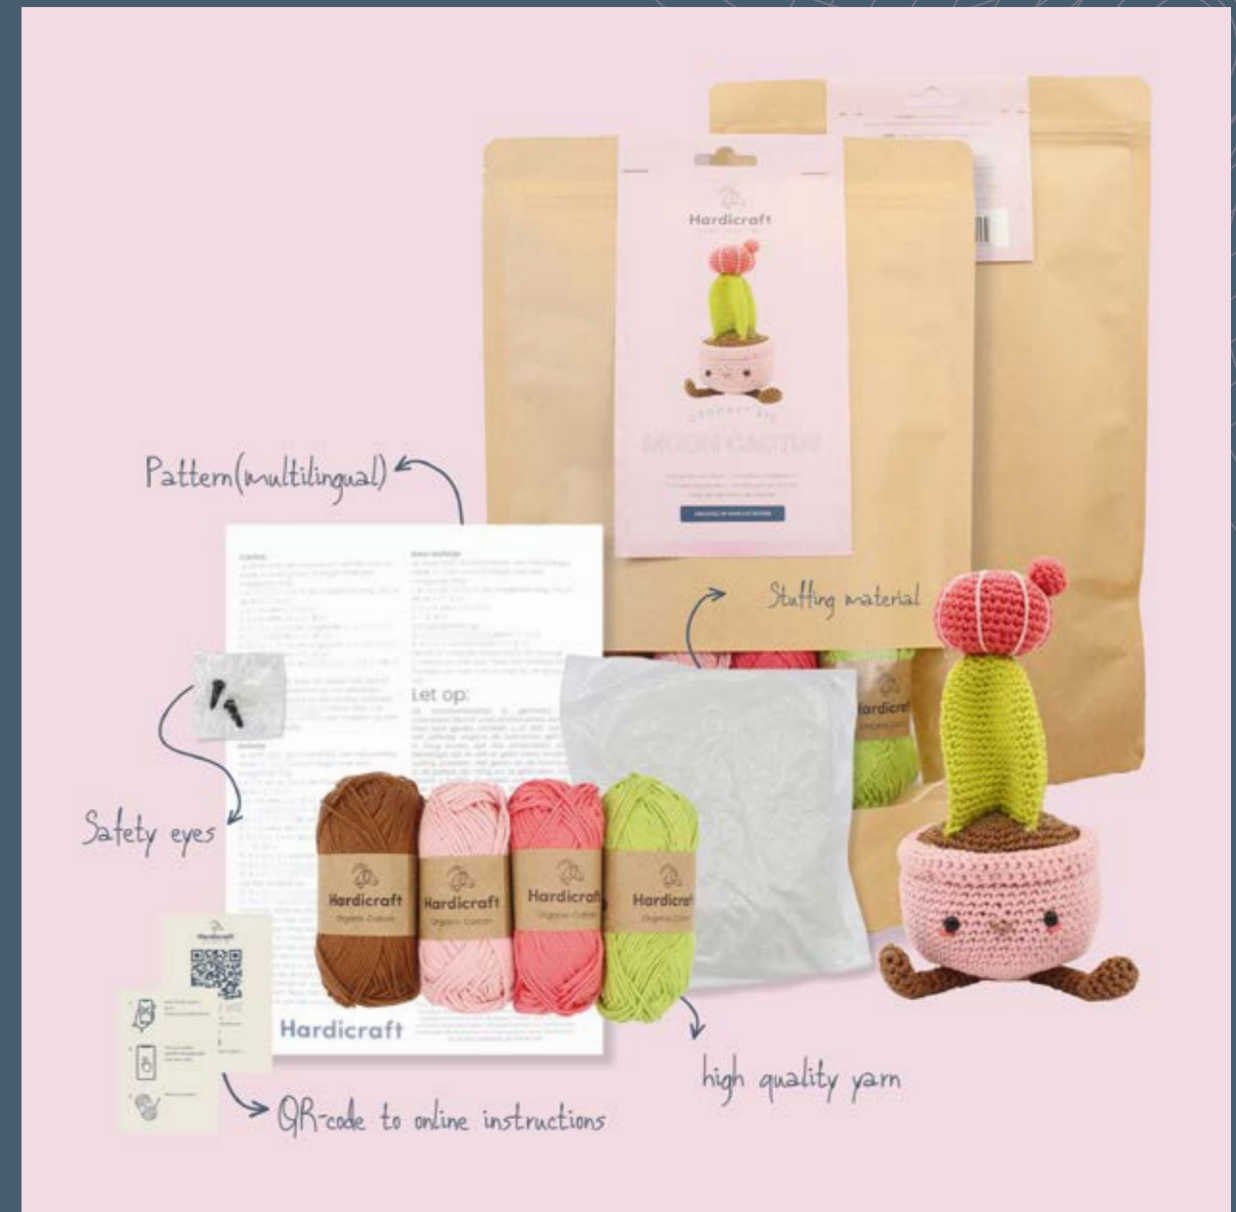

We are proud of our beautiful and inspiring workplace, where environmental awareness and productivity go hand in hand. From this location, we continue to expand our production and strengthen our commitment to a sustainable future — for our company and for the world around us.

Alongside our strong base in the Netherlands, we have also expanded our warehouse in the United States. This enables us to serve the growing North American market even more effectively, ensuring faster deliveries and fostering closer collaboration with our customers across the Atlantic.

The best ingredients packed with care

Hardicraft kits are designed and produced in the Netherlands and meet the highest quality standards. All of our kits include high-quality materials, stuffing, and all the necessary haberdashery to create a beautiful handmade item. Please note that crochet hooks and knitting needles are not included in the kits, but we do offer our own brand of crochet hooks and knitting needles (p. 56–57), perfect to complete your projects.

Hardicraft x Sam & Julia: a magical crochet collaboration

We are excited to announce a brand-new collaboration between Sam & Julia (The Mouse Mansion) and Hardicraft: six crochet kits inspired by the stories of Sam & Julia and their friends and family.

Sam & Julia

What began as a children's book has grown into a worldwide children's brand with toys, craft products, its very own Mini Museum in Amsterdam, numerous books, and even an international TV series. At the heart of it all are Sam & Julia, two beloved mice whose stories of friendship and adventure have captured the imagination of both young and old.

The collaboration

Together with Sam & Julia, this enchanting universe is now brought to life through crochet. We've designed six complete crochet kits, each featuring one of the characters.

ESSENTIALS

High quality needles in sustainable packaging

Our knitting needles and crochet hooks are premium quality. Made from durable aluminium and fast growing, sustainable bamboo they are the perfect fit for every yarn lover!

The beautiful burlap cases are made from jute grown in India. The jute plant has an extremely low carbon footprint and is an amazing crop for the environment as the plants are rain fed and require no pesticides. A true plastic-free and space-saving storage for every environmentally conscious knitter.

Knitting needle set

HC-70MB12

These knitting needles are made from durable aluminium. The light grey anodised finish lets the stitches glide smoothly. Carefully tapered along the length, they pick up stitches easily and the very gently rounded tips prevent the needle from splitting the yarn. Compared with a stylish bamboo knob, you're all set for a perfect knitting experience!

25 cm Sizes 2.0 - 2.5 - 3.0 mm
10 inch US Sizes: 0 - 1.5 - 2.5

Our crochet hooks are made from durable aluminium and are silver colour anodised. The comfortably shaped bamboo handle is soft to the touch and the perfect solution for those who love the tactile appeal of natural bamboo but prefer to crochet with a metal hook.
